OCRGC COVID-19 NOTICE

Events and Activities at the Club

Even though many events and activities have resumed at Oil Capital it is more important now to continue to practice social distancing and personal protection. Dinner meetings continue to be on hold as we continue to endure more cases of covid-19. While masks are not required at the club they are recommended. Contact activity chairs for details for your area of interest as scheduled dates may not apply. Activities continue to be held at the event chairs discretion.

Casual use continues to be at member discretion and the club would ask those members who choose to use the facility to be mindful of distance and separation from other members. Finally if you feel sick stay home.

While the club may be the only safe place from the public where you can kill a little boredom, the best way to break the cycle of this extremely contagious and deadly virus is to stay at home. If you do decide to visit, come prepared, bring gloves, sanitation wipes, and sanitizer to disinfect and better protect yourself. Assume that any common surfaces you touch to be un-sanitized .

Follow CDC recommendations for social separation

- 1 HANDS** - Wash them often
- 2 ELBOW** - Cough into it
- 3 FACE** - Don't touch it
- 4 FEET** - Stay more than 6ft apart
- 5 FEEL sick?** - Stay home

Major Maintenance Projects

The Building Committee, with the approval of the board of directors, has been hard at work on future and current building as well as major maintenance projects.

Recently completed is the project to re-roof all 4 Shotgun Area pavilions and the Rifle / Pistol Range Bldg with durable metal roofs.

Work in the R/P building is on going. A long needed freshing up is taking place with carpet, paint and LED lighting upgrade. Contractor estimates 3 weeks, under good conditions, to complete his part of the job.

Future projects will include club-wide ditch reestablishment. Some culverts have silted in and will be rehabilitated at that time. After that we can rebuild the gravel roads that are deteriorating.

The Committee is aware of the deteriorating sidewall berms on Pistol Left and Right as well as in between 25-1 and -2; they are on the list. We're studying other more long term projects, to include a substantial building to replace both aged structures in the Shotgun Sports Area. Also under study is a multi-bay 25 yard facility .

Building Committee

Larry Bahler, Brad Chaffey, Richard Morgan, Bob Williams, Jack Ostendorf (chair)

THINGS TO KNOW

Please Give Contractors Ample Space to Work and Do Not Disturb

The R/P Bldg will have limited member availability during various aspects of repairs to it. Lights will be pulled, carpet removed, and drywall/painting will be in progress at various times. There will be bathroom access much of the time.

NEW POLICY CONCERNING MEMBER OWNED MEMBERSHIP SALES

The club issued gate proximity card belongs to the club and must be returned upon disposal of your membership. For this reason the board of directors revised the policy on transfer fees to include the replacement of non-returned gate proximity cards.

The board of directors approved a policy at the June business meeting to increase the transfer fee on regular membership transfers either sold by the club or by the member to \$140 if the proximity gate card is not returned to Membership Clearinghouse along with the current year membership card. If the proximity gate and membership card is returned the transfer fee will remain at the current \$100.

Board of Directors

Volunteers Needed

The Club has several projects in the works that require extra hands. We need to do some repairs and other projects around our facility and would appreciate our Member's help. If you can donate some time to help improve the club please contact Bob Williams for a work date.

BUILDING CLEANING CONSIDERATIONS

Our building cleaning contractor is striving to upgrade their performance. Yes, they do windows and dust/wipe surfaces as well as tend to cobwebs. We need to do our part to keep furniture from blocking these so they can do their job. Likewise we need to keep objects from the top of refrigerators as well as limiting clutter.

Jack Ostendorf

Covid-19 Building Considerations

Building doors may be propped open during events for at least the next few months to reduce contact surfaces.

As summer approaches exterior doors may be signed for one way traffic through the buildings to allow social distancing in hallways and other narrow spaces.

Please be mindful of others for social distancing and assume that any surface you come into contact with as being un-sanitized.
