2023 FIREWORKS RAFFLE

There are only 30 days left before the Raffle drawing. Tickets sales are really behind for this time frame. So far we have only sold 174 tickets from 23 members. We are way behind on the largest raffle we have ever had. We haven't even met our prize budget of \$2000 yet and we are still need to raise another \$2700 on top of that to pay for this years fireworks display which includes port-a-pottys. Ticket sales have been off from the start and there have been only a handful of ticket orders by mail. If you are planning on buying tickets please do so now if you can. I haven't received any help selling tickets and I'm getting nervous we won't meet our goal. This year we have some really nice prizes to award. There will be a minimum of 15 drawings this year. Each drawing was random picked among club purchased and member donation items. See the raffle page on the clubs website for details on each prize. Last years raffle was very well received and turned out to be a success. I received excellent feedback on the one ticket multiple chances to win format so we are doing it again. I could also use some volunteers to help with the fund raising as it is a lot of work. A list of the current prizes we are currently awarding. Below is the draw order.

Do you remember when?

In 1971, under the Presidency of Roger Tate, the Club had 342 members. Sixty, eighty and ninety members would attend the regular meetings. There were 24 movies shown at meetings that year and of course a big Independence Day party was held. At the August 16, 1971, meeting, the financial report reflected a bank balance of \$2,993.67. State Senator Jim Inhoff spoke at the meeting that night. Bingo and Club sponsored dances were in full swing and a fish shoot was held by the Archery Committee. In addition, the Fishing Committee held an event at Table Rock Lake. There was a campout at the Club and Charles McCormick held a gun show at the Club to raise funds. The year ended with a New Year's Eve party with live entertainment.

CHAIRMAN'S CORNER

In 2015 the club approved an increase from a long-standing membership of 800 to 825. Please let me alert you that I am proposing a membership increase to 900 members.

Over the past several years we have been carrying a waiting list of over 50 to 80 individuals desiring to join Oil Capital. As a result, many of those on the list have lost interest, or had their financial picture change during the long, long waiting period. I believe we ought to open our roster to an additional 75 new members, which is a 9% increase.

Besides of adding \$11,250 to our annual dues income, which will allow us to delay any potential dues increase to cover increased annual operating costs, the initiation fees from these new members will provide an additional \$138,750 for capital improvements to the club facilities.

Please give this opportunity your careful consideration when it is presented to the membership for a revision to the by-laws. This matter will require a 2/3 majority to pass.

The club began construction on the site in 1981, that's 42 years ago. The plan for the range facilities met the needs of the popular shooting disciplines at the time. Obviously since, some new "games" and activities have been introduced into the world of shooting sports.

Sporting Clays just hit the US in October 1980. Steel Challenge, IPSC, and IDPA had not yet caught on and have since gained in popularity.

The Board is considering proposals for additional "pistol caliber" bays on the east side of the "creek, and a couple of 50 yd. bays to support events that require berms on 3 sides.

We are evaluating a precast T-panel system for repair of the 25yd walls, and some of the new bays, providing a more efficient use of the available land area.

The Trap Palace and Skeet Ops buildings have been long delayed for needed repairs to siding and roof systems. Although we have sought bids for repairs, contractors who have visited the site have not been willing to tackle such a small job. We would like to get another 10-15 years out of these facilities.

Yes, all these improvements and repairs are going to be expensive. When our proposed expenditures are presented for a vote of the membership the question will include projects for both the east and west ends of the club.

I would like to give a "shout-out" to club members Bob Williams, Brad Cheffee, and David Beller for their tireless effort to repair and replace the target backer systems on all the Rifle and Pistol ranges; mowing and trimming the hard-to-get-to areas; and just picking up all the downed tree limbs after every major storm. Thanks guys, and Penney Cheffee too.

And don't forget the "biggest raffle ever" in club history !! Over \$8,000 in prizes.

Larry Bahler, Chair, Board of Directors

POLICY CONCERNING MEMBER OWNED MEMBERSHIP SALES

The club issued gate proximity card belongs to the club and must be returned upon the sale or transfer of your membership. The board of directors revised the policy on transfer fees to include the replacement of non-returned gate proximity cards.

The transfer fee on regular membership transfers either sold by the club or by the member will increase to \$140 if the proximity gate card is not returned to Membership Clearinghouse along with the current year membership card. If the proximity gate and membership card is returned the transfer fee will remain at the current \$100.

BUILDING CLEANING CONSIDERATIONS

Our building cleaning contractor is striving to upgrade their performance. Yes, they do windows and dust/wipe surfaces as well as tend to cobwebs. We need to do our part to keep furniture from blocking these so they can do their job. Likewise we need to keep objects from the top of refrigerators as well as limiting clutter.

INDOOR AIR GUN

We have about 12 to 18 shooters each Thursday evening. The targets are NRA air gun-sized metal silhouettes made to be shot outdoors, at up to 45 yards. We shoot them indoors at 11 yards. Practice is from 4 PM until 6 PM. We shoot pistols first and then rifles, going home by 8 PM. Most people will let you try their air guns, so you can see what it's like to shoot a modern air gun.

COWBOY ACTION SHOOTING

Tator Hill Regulators shoot two times (most months). 3rd Sunday, we shoot regular Cowboy SASS rules, lead bullets only. You'll need 2 revolvers a lever or pump action rifle in pistol caliber and a shotgun, SxS or pump.

In months where we have a 5th Sunday we shoot rimfire .22. Rifles must be lever or pump action. Pistols can be any semi auto or revolver. If shooting a semi auto bring 2—3 magazines and if your shooting a revolver bring 2 of 'em. Shotguns can be side by side, pump action or auto loader, 20,16 or 12 ga. Shells must be lead 7 1/2, 8 or 9 shot.

You won't need holsters for the rimfire shoots, all the guns can be staged or holster optional.

Restrictions: NO OPTICS—NO TACTICAL These matches are great for beginners or those who want to shoot friendly competition without any pressure. Our goal is to have fun and enjoy shooting with some really nice folks.
