Fireworks Show:

It was discussed that the board members felt it was important to have the fireworks show for the members. Monies that were previously raised were still earmarked for the show and since there was not a show in 2025, those monies would carry forward. This is an opportunity for all members and their families to come together for a “social” event. As such, it was decided to move forward and a date of June 27th was chosen.

A motion was made by Alan Hart and seconded by Ian Zacher for the club to spend up to \$10,000 for a fireworks show to be held June 27th at the Club property. Previously raised monies will be used along with additional funds raised this year, with any shortfall to be covered by the club. Motion was approved unanimously.

A motion was made by Larry Bahler, and seconded by Gary Killingsworth, to appoint Gary Kruse and Larry Bahler as OCR&GC representatives to the OSSA. Motion was approved unanimously
