Long-Range Planning:

At the previous board meeting in May, Director Rob Scott brought up the idea of charging a day-use fee for all non-members. There was much discussion on the matter, but resolution was brought forward and will be discussed again at a future meeting.

The subject was raised as a continuation of the conversation surrounding the number of weekends in which there is a match scheduled versus the need for members to have access to the club site that is owned by the membership.
